

Calculus Admin New Login Directions

Click the below link to be brought to our new, unified login page.

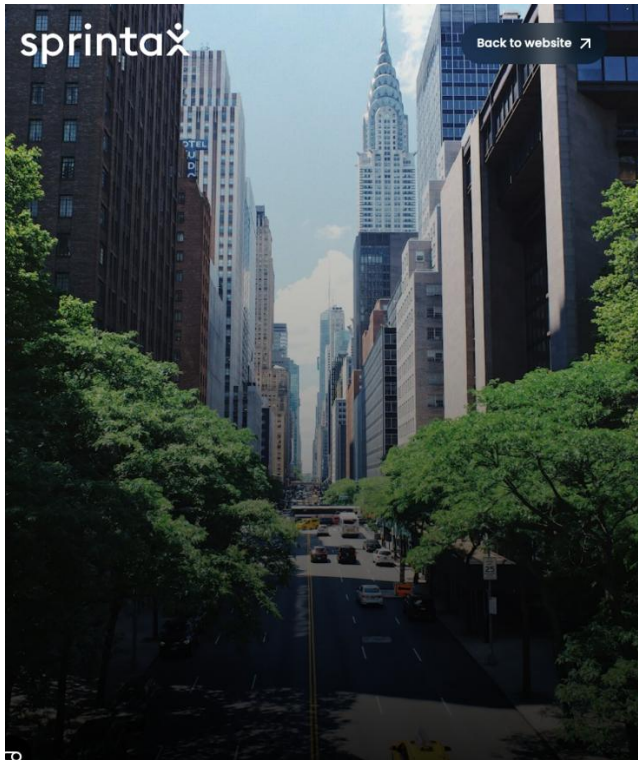

<https://calculus.sprintax.com>

If you already have a Calculus account (as a user or administrator), select *Login* to continue.

The *Sign-Up* option is only for individuals who do not have a Calculus account through their institution and first-time users.

When you click *Login*, you will be directed to the below page:

Here, you have two login options:

 If you already have a Calculus account and previously logged in using an email and password, enter those same credentials here.

 If you already have a Calculus account and previously logged in using your institution's credentials, select Campus to continue with Single Sign-On.

Please select your campus affiliation:

Start searching for university:

If you do not see your inviting entity in the list, it may be because the entity has not chosen to use campus credentials for accessing Sprintax. In this case, click "Go Back" and sign in using your Sprintax credentials instead.

If logging through Single Sign-On, you should search for your institution in the search bar and select *Continue* to be redirected to your institution's single sign on login page.

If your institution is not listed, please return to the main login page (linked below) and sign in using your regular Calculus email and password.

Once you have successfully logged into your Calculus account, you may be redirected to the above page. The reason for this is we have updated how administrator names are stored in Calculus. Where previously, there was one field of ""name", we now have "first name" and "last name".

Please confirm your first name and last name to continue.

Note: This is a one-time step related to your existing account. No new account is being created, and all other information will remain the same.

Once successfully logged in and having confirmed your first and last name, you will be redirected to the above page where you can select your access.

If your email is associated with both Admin and User access, you can toggle between Admin and User to select which account you would like to log into.

When logging in as an Admin, for those with access to multiple entities, you can use the entity/entities dropdown to select which you wish to access.
